PROJECT DESCRIPTION

The 3L Mindset project focuses on creating a growth mindset in lower-skilled adult immigrants with regard to adult education. We will produce a policy report, informational booklet, teacher training course, course adaptation guide, and a Youtube channel.

TPM 2, MALAGA, JUNE 19 & 20, 2023

The 3LMindset partners had a productive TPM in the vibrant city of Málaga, graciously hosted by Babel Idiomas.

During this meeting, we conducted a thorough data analysis examining the outcomes of the focus groups and interviews conducted with trainers and immigrant learners.

Using this information, we planned the next stages of the project including the timeline and work distribution for finalising the policy report, preparing the informational booklet, and planning for the teacher training course.

Overall, the meeting was a great success, and the partners left feeling energized and motivated to continue their important work.

PROJECT RESULTS

Using desk research, focus groups, and interviews, the 3LMindset partners have completed a detailed policy report that outlines issues that low-skilled migrants face.

This report was the basis for our informational booklet “Facilitating Engagement of Low-Skilled Immigrant Adults in Adult Education: A Guidebook for Educational Institutions and Employers.”

The booklet is being finalized and will be the framework for our teacher training course which will feature interactive lessons and video content.

We have also started preparing to film videos exploring the impact of education on low-skilled migrants in our community, which will be uploaded to our Youtube channel to inspire others migrants to pursue adult education.
